

ShowMax® SetUp

1 Place Showmax unit on your display table with wheels facing up and away.

2 Unlatch and open unit. Remove header and lights.

3 Before raising the display, unlatch endcaps from the unit.

4 Fold up the wheel endcaps. This creates a flat surface at the bottom of the display.

Grip the handles and lift case to vertical. Fold back handle endcaps.

5

6 Open outer panels. Leave them angled slightly.

7 Place header into two slots on backside of center panels.

8 Mount light fixtures. Insert base pegs into holes on the top of the side panels.
